Dear Sir,

We are pleased to offer you our quotation of actiCHamp - 32 Active Channel EEG System from Brain Products GmbH for your ready reference.

Please be informed that actiCHamp - 32 Active Channel EEG System is not recommended for use with MEG.

S.No.	Product Details	Quantity	List Price	Total
1.	acti32CHamp System incl. Brainvision Recorder, caps & electrodes The actiCHamp 32 channel, actiCHamp is a revolutionary development that integrates high-end components for electrophysiological (EEG/ERP, ExG, BCI, etc.) research in one easy to use, highly versatile, and affordable 24-bit amplifier with up to 160 channels. - actiCHamp at a glance - 24-bit battery-supplied, active channel amplifier coming along with actiCAP slim electrodes and actiCAP snap electrode caps (contains two caps). - available with 32, 64, 96, 128 and 160 EEG channels - 8 integrated AUX inputs can be used with a full range of biosignal sensors (e.g. GSR, EOG, EMG, ECG, respiration, acceleration, temperature, blood pulse, photo sensor, microphone, etc.) - extremely high sampling rate (up to 100 KHz) and wide hardware bandwidth - simple plug and play concept to easily increase the number of channels (by adding modules of 32 channels) - adding the BIP2AUX Adapter recording bipolar signals through the existing AUX inputs is also possible - complete BrainVision Recorder (commercial license) for signal recordings.	1	₹ 2,394,186.00	₹ 2,394,186.00
2.	BrainVision Analyzer 2.0 professional single seat local license BrainVision Analyzer - An offline Post processing software . It includes all necessary pre-processing functions, enhanced time-frequency analysis options, ICA, LORETA, MRI correction as well as a direct interface to MATLAB. Various views create unlimited output possibilities to publish your results.	1	₹ 761,300.00	₹ 761,300.00
			Sub Total	₹ 3,155,486.00

S.No.	Product Details	Quantity	List Price	Total
			GST	₹ 378,658.32
			Adjustment	₹ -0.32
			Grand Total	₹ 3,534,144.00

* GST charged @ 12% for Goods, 18% for Services.

GST @12% is presently used in our quotation. if your institute is exempted, kindly share the required document and GST Applicable will be amended to 5% or accordingly.

Warranty: The equipment is warranted against defective material and workmanship and under normal conditions only. Warranty is not extended to consumables. Normal conditions do not include damage due to breakage or improper electrical supply or misuse (i.e. AEROBE shall not be liable to extend the warranty in case of instructions for use as given by AEROBE Service Engineers during Commissioning and Demonstration are not followed strictly and decision on this regard made by AEROBE authorized personnel shall be full and final.)

Practical aspects of handling warranty cases: In case of malfunctions or suspected defects in the hardware, the Customer must contact the AEROBE with a description of the problem. AEROBE will first attempt to pinpoint and resolve the source of the defect via remote trouble-shooting (email, phone). If the problem cannot be resolved via remote trouble-shooting, AEROBE will decide on a resolution strategy, which may include shipping of spare part(s), return of defective equipment for repair, shipping of (temporary) replacement or a site visit by AEROBE service personnel
